AURA / 34

35

Original liquid-metal finish.
Architectural surface character.

Colour, texture and light.
A finish with its own identity.
Created by AURA.

AURA / 35

The original finish collection.

Collection images originate from our own liquid-metal panels.

Bespoke finishes can be developed for individual projects.

Selected samples are presented with controlled studio-style lighting.

Colour, texture and sheen are confirmed with a physical sample.

Lighting and screens influence colour, reflection and apparent texture.

Approve a physical sample before specifying a project finish.

AURA / Liquid metal, embossed finishes and special surfaces

Architectural finish application / Walls, joinery and furniture
